

The Good Source

What we offer

Pilgrim offer source identification, and supply management of goods manufactured in Indonesia.

Who we are

Pilgrim Consulting Services is a market research and due diligence company based in Jakarta. We have been assisting overseas companies to operate in Indonesia since 2008.

Our value proposition

Provision in country assistance to overseas companies that want to operate in Indonesia. This can be through:

1. Identification of qualified export goods in Indonesia for the UK market.
2. Partner due diligence and commercial assistance to companies that want to manufacture or operate in Indonesia.

Our services

Our services include:

1. Indonesia partner identification and due diligence.
2. Indonesian market research to qualify your business opportunity.
3. Business case preparation to assess business feasibility.
4. Product source identification and qualification to identify quality products for import into the UK:
 - Fabrics and garment manufacture.
 - Coffee (beans, syrup, and other derivatives).
 - Fashion accessories including leather goods.
 - Wooden and soft furniture (in bulk or bespoke design manufactured to you design)
 - General manufacturing (for example valves, pump, and electrical goods).
 - Other products on request.
5. Supply chain surveillance to ensure the maintenance of product quality.
6. Commercial assistance in establishing your Indonesian operations:
 - Company establishment and registration with Indonesian authorities.
 - Outsourcing of HR, finance and corporate functions.
 - Local operational support during company set up.
